

TIGHTENING THE COIL

Pearl Bryan's Murderer Will Soon Be Definitely Known.

SEVERAL MORE CONFESSIONS.

Scott Jackson and His Roommate, Alonzo Walling, Are Each Trying to Fasten Upon the Other the Actual Commission of the Crime—Lynchers May Settle the Fate of Both the Suspects.

CINCINNATI, Feb. 8.—The coils are tightening about Scott Jackson, the debonaire dental student, who has already confessed to at least a guilty knowledge of the murder of Pearl Bryan of Greencastle, Ind. He and his roommate, Alonzo Walling, are both under arrest, and each is trying to fasten upon the other the actual commission of the crime.

Walling has made another confession to Mayor Caldwell in which he said that Jackson gave the girl four grains of cocaine in sixteen drops of water and then drove her to Fort Thomas, where he cut off her head.

Shortly after making this statement he made another one which conflicts with the previous one. Walling's latest confession is that Jackson killed the girl by giving her a hyperdermic injection of prussic acid. This acid is so powerful and deadly that death would ensue before the needle of the hyperdermic syringe could be withdrawn. Walling says that Jackson thought of arsenic and cocaine, but decided on prussic acid.

In view of this confession, a second and more careful postmortem examination was made of the dead girl's body. Dr. Pythian, who made the postmortem examination, declares that she did not die from the effects of poison, but from hemorrhage. In other words that she was decapitated while alive. Every organ was found to be in perfect condition. This could not possibly have been the case, he says, if death had resulted from poisoning. The heart and lungs, he declares, would certainly have shown unmistakable signs of the fatal action of the poison. Therefore the climax of horrors in the long drawn out series of horrors of the case is that the poor girl was murdered in cold blood by having her head cut off. This is in direct contradiction to Walling's confession.

At 4 o'clock Friday afternoon, as the light of day faded away and left the stationhouse cellroom in semi-darkness and noisome gloom, Scott Jackson in his lonely cell began to show the first real signs of weakening. He sent for Secretary Tibbitts of the Y. M. C. A., to whom he said he wanted to make a confession. Upon the arrival of Mr. Tibbitts the prisoner shook the hand of the secretary and after some little conversation Jackson asked the secretary to pray with him, which he did. While the prayer was in progress, Jackson cried:

"Oh, Lord, forgive me!"

"Oh, Lord, have mercy upon me!"

After the prayer Jackson asked the secretary if he had a Bible. He had not, but soon procured one and returned to the cell.

Later it was learned that Tibbitts wrote the confession as it was dictated by Jackson, but the latter signed it.

"Here, with the Bible in my hand, on my knees before God, I was not guilty of murdering that poor girl. I did get her to come to Cincinnati to undergo an abortion. Walling was to get \$50 for performing it. I was guilty of getting her to do it, but not of murdering that poor girl."

"I don't know where he killed her or how he killed her, or what he did with her after he killed her. I did not kill the poor girl. He is the guilty man. Will Woods was to send \$50 to him through me for performing the abortion. This is the truth, so help me God."

The confession was signed by his full name, Scott Jackson. It was written in a fine hand.

Will Wood, the alleged betrayer of Miss Bryan, has been sent to jail in default of \$5,000 bail. The charge is conspiring to induce a criminal operation. He charges that Jackson betrayed her and that he sent the girl to Cincinnati simply to save the family from disgrace.

The location of the head is still a mystery. Walling now claims that Jackson buried it in the Dayton sandbar.

The method of Pearl Bryan's death, where her head is concealed and whether the murder was committed on this or the other side of the river are the questions the detectives are now most anxious to solve.

Sheriff Plummer of Newport insists that the crime was committed in Kentucky, and he demands the custody of the prisoners, and the Cincinnati authorities agree that the prisoners belong to Plummer.

If the men were taken to Kentucky for trial, it is the opinion of every witness from that side of the river that their lives would not be worth a moment's purchase. The crime itself sent a thrill of horror through the entire community on that side of the river and the unfeeling, cold-blooded discussion of its horrifying details by the two prisoners has aroused another sentiment no less extreme. A considerable number of the populace of the Kentucky cities across the river, it seems, look upon men who can perpetrate such a crime and then in the coolest and most unfeeling manner talk of its details as objects of detestation, fit for instant death in some manner commensurate with the crime.

It appears that Jackson once threatened to cut a woman's throat while he was a student at Indianapolis. Undertaker J. E. Black of Greencastle

has obtained permission as far as the Cincinnati police department was concerned to remove the body to Greencastle next Monday for burial. The family are anxious to have it taken home and given a decent burial. Sheriff Plummer has consented to its removal after the day mentioned. Until that time it will remain in the Newport undertaking establishment.

SENATE AND HOUSE.

But Very Little Accomplished in Either Branch of Congress.

WASHINGTON, Feb. 8.—As soon as the senate assembled Senator Frye of Maine was unanimously elected president pro tem. of the senate. With this brief interlude the senate plunged into the morning business with a Republican presiding officer in the chair, the vice president being absent.

Mr. Wolcott (Rep., Col.) secured the passage of a bill opening the forest reservations of Colorado for the locating of mining claims.

Mr. Allen then addressed the senate on the resolution known as the Davis resolution, relative to the Monroe doctrine.

A resolution offered by Mr. Stewart was agreed to, calling on the secretary of the treasury for information as to the estimated increase in revenue if the pending tariff bill becomes a law, and what she duty on wool per pound would be under the law based on the present price of wool.

The Haysbrough seed resolution was then taken up and discussed until 2 o'clock, when the resolution contemplating a reform in handling appropriation bills by distributing them among the several committees, was taken up and Mr. Allison, chairman of the appropriations committee, moved to refer the resolution to the committee on rules to be reported back without amendment the first Monday in next December.

There was much confusion in the chamber with conflicting motions and efforts at an agreement on the pending resolution.

Finally, the motion of Mr. Allison was adopted—40 to 28. The result was accepted as a direct victory for the appropriations committee.

The resolution directing the secretary of agriculture to execute the seed laws was made the unfinished business, thus entitling it to right of way after 2 p. m.

Mr. Quay called attention, however, to his purpose to secure action on Monday on the resolution referring back the tariff-finance bill to the finance committee.

At 3:15 p. m. the senate adjourned until Monday.

In the House.

WASHINGTON, Feb. 8.—The house yesterday suddenly became involved in a bitter controversy. It sprang from the remarks by Mr. Talbot (Dem., S. C.) in defense of secession, which Mr. Barrett (Rep., Mass.) interpreted as treasonable. He had the speaker's words taken down and offered a resolution of censure. After a wrangle and some explanations, Mr. Dalzell of Pennsylvania moved to refer the Barrett resolution to the committee on judiciary. This was carried by a vote of 154 to 41. This is understood to mean that no notice will be taken of the matter. Mr. Owens of Kentucky was the only Democrat who voted against the motion.

The president's message transmitting to the house the report of the Nicaragua canal commission in response to the house resolution was laid before the house.

The night session for the consideration of private pension bills was dispensed with in order that the bond bill debate might proceed. An arrangement was effected for closing general debate on the bill at the close of the legislative day on Monday, and the house in committee of whole resumed the consideration of the bond bill.

BIDS FOR BONDS.

The Syndicate Will Get One-Third of the Whole Issue.

WASHINGTON, Feb. 8.—Late yesterday afternoon the treasury officials completed the computation of bids for the new bond issue, from which it appears that the amount of the bids above that of J. P. Morgan and his associates (110,687) was \$66,788,650, and that the amount which will be awarded to the syndicate therefore will be \$33,211,350, or approximately one-third of the whole issue. The number of successful bidders is 781.

In arriving at this conclusion the officials have thrown out a very few bids obviously fictitious and a larger number were irregular in important particulars. Some of these bore no signature, and others did not contain the amount intended to be bid for, while still others omitted the rate. These last, however, are not supposed to aggregate any considerable sum.

The fact that two-thirds of the entire issue are found to have been at rates ranging above 110,687 is something of a surprise to all who heard the bids announced, but there is no question of the accuracy of the statement as all of the bids have been again gone over and all errors made in the hurry of the day of the opening have been corrected.

The treasury yesterday lost \$724,800 in gold coin and \$52,000 in bars, leaving the gold reserve \$44,483,126. The available cash balance is \$171,145,407.

Tried to Kill His Wife and Succeeded.

PHILADELPHIA, Feb. 8.—John C. Woodhead, who recently removed to Harleysville, Pa., from Columbus, O., committed suicide last night. He first tried to kill his wife, but was prevented by his young son, who knocked the revolver from his hands. One bullet struck Mrs. Woodhead, but she was not seriously injured. The motive for Woodhead's crime is not known.

WILL STOP THE FIGHT

Anti-Prize Fight Bill Signed by the President.

IT IS ALREADY IN FORCE.

The Federal Authorities Determined to Prevent the Proposed Contests—United States Troops Prepared to Be Called Out—Texas Troops Already Ordered Nearer El Paso.

WASHINGTON, Feb. 8.—The Catron bill, to prevent prize fighting in the District of Columbia and territories, was signed by the president about 4:35 p. m. The bill did not reach the White House until 4 o'clock or afterwards, and in its case the usual routine was departed from and the measure taken at once to Mr. Cleveland, who, after examining its provisions, promptly attached his signature, so that from the date of signature prize fighting is a felony on all soil over which the federal government has exclusive jurisdiction. Prompt measures will be taken to see that it is not violated.

By the signature of the anti-prize fight bill the president has placed upon the governor of New Mexico the responsibility for the prevention of the Fitzsimmons-Maher mill in that territory. The governor has been informed of the signature of the act, so that he is fully aware that it is law of the land from this moment. The federal authorities, however, are disposed to do everything in their power to assist in the execution of the law if the governor should find it beyond the unaided ability of the territorial officers to prevent the fight in the territory. To this end the governor may, after he has satisfied himself that his local forces are insufficient to meet the case, call upon the United States marshal for assistance and the latter in turn may avail himself of the services of all of the United States troops in the department of Colorado, if that many are necessary, in order to suppress any illegal gathering or breach of the new law.

Proper instructions have also been sent by the war department to General Wheaton, the department commander at Denver, to promptly supply all the force requisite upon the request of the proper authorities, and altogether the national government is prepared to make it very unpleasant and dangerous for any person who participates in a prize fight in any of the federal territories or even gives aid and comfort to the would-be fighters by assembling at any point to witness a fight.

The Catron bill makes prize fighting a felony, with imprisonment for from one to five years, and should those connected with the fight have the temerity to bring it about in violation of law they will find the law vigorously enforced as a warning to any persons who may design following in their footsteps.

Texas Troops Ready.

ATLANTA, Feb. 8.—It is learned unofficially here that Adjutant General Mabry has ordered the Texas rangers to move nearer El Paso, so as to be in readiness for instant service in case the prize fighters attempt to pull their fight on Texas soil. The official family acquaintance on this subject, but it is known that the adjutant general has been informed privately that the fighters would attempt to fight in the woods near El Paso, on Texas soil, and he now intends to thwart any such movement by having the rangers on the ground.

Not on Mexican Soil.

CITY OF MEXICO, Feb. 8.—The federal authorities say that President Cleveland's action in signing the anti-prize fight bill meets their approbation and that they will not allow the fight on Mexican soil. Governor Ahumada of Chihuahua reaffirms his determination to prevent the fight by force if necessary. Sporting men here say the fight will come off on Mexican soil by evading the vigilance of the troops.

HAD TOO MANY FACTORIES.

The Columbia Spring Company Financially Embarrassed.

PITTSBURG, Feb. 8.—The Columbia Spring company, an association of manufacturing concerns, with the principal office at 54 Ninth street, Pittsburgh, filed a deed of assignment to Attorney John M. Kennedy of Covington, Ky. The company had plants in Bridgeport, Conn.; Canton, O.; Cincinnati; Fort Plain, N. Y.; Newport, Ky., and at points in Mississippi, Missouri and Iowa. Assignments were filed in all of these states. The assets are stated to be \$271,702 and the liabilities \$208,824, consisting of debts due \$172,487.22 and debts about to become due of \$36,336.99.

One of the officers said some of the plants would be sold and the company would still do business under the management of the assignee. He said enough plants would be sold to satisfy the claims of all creditors.

Green-Needham Contest.

SAN FRANCISCO, Feb. 8.—George Green, known as Young Corbett, defeated Danny Needham last night in an eight-round fight. Green had the best of the fight all through and nearly knocked Needham out. The latter saved himself by resorting to clinching.

Shot Through the Heart.

OLD TOWN, Me., Feb. 8.—Joseph Albert of this place was shot through the heart by Charles Doliff of Milford, Me., at 8 o'clock last night during a drunken row. Doliff was apprehended, and when taken into custody, claimed the shooting was in self-defense.

REVIEW OF TRADE.

Success of the Bond Issue Has Stimulated Business.

NEW YORK, Feb. 8.—R. G. Dun & Company's weekly review of trade says: The wonderful success of the popular loan alters the face of events. The influence of this event upon all manufacturing and all trade can not be lightly estimated. It strips the silver agitation of all its power to hurt. It puts the treasury on a safe basis for the time, whether congress does anything useful or not. It notifies foreign nations that the United States have power as well as purpose. It unlocks millions of gold which have been gathered in preparation, brings directly several million gold from Europe and stimulates the anxiety of foreign investors to obtain American securities.

With such a revolution in business suddenly effected the customary records of the past week and month are of less value than usual. But there have been signs of improvement in the iron manufacture, although the average of prices is nearly 1 per cent lower this week, for orders have been booked for nearly 300,000 tons of rails this year, against total deliveries in 1895 of 1,000,000 tons, and orders for wire nails are stimulated by a decision to advance the price again March 1. There is also a more active demand for plates and sheets. Southern competition lowers coke iron at Chicago and prevents advance at the east, while sales of last year's speculators in the Pittsburgh region still depress Bessemer. The ore pool is expected to fix the price for the year at \$4 or possibly \$4.50 and the coke pool still reduces the output. Speculation has raised copper to 10 1/4 cents, with sales of 6,000,000 pounds and tin to 13 1/2 cents and lead to 3.10 cents, with large exports of Mexican.

Sales of wool have been 4,566,200 pounds, against 5,192,150 last year, and 6,656,715 in 1893, and with reported reduction in clay worsteds and mixtures, the orders for other woolen goods are still unusually delayed. It is also stated that cancellations in carpets have been unusually numerous since Jan. 1. The cotton mills continue generally active, though talk of decreasing production still continues, print cloths do not rise above 23-24 cents, and some goods tend lower.

Speculation in wheat has again lifted prices, although western receipts have been 2,800,907 for the week, against 792,971 bushels last year, and for the year thus far 15,067,695 bushels, against 6,080,933 last year. Atlantic exports have been increasing, though not in the same proportion, amounting for the week, flour included, to 1,965,956 bushels, against 1,458,255 last year. The speculative market has been largely influenced by rumors of injury to the coming crop and by foreign advices, and prices advanced 3 1/4 cents for cash and 2 3/8 cents for May.

Corn has been comparatively steady. Cotton is practically unchanged, receipts continuing to accord with a yield of about 7,000,000 bales for 1895.

Failures for the week have been 323 in the United States, against 281 last year, and 63 in Canada, against 58 last year.

VICTIMS OF THE BRIDGE DISASTER.

Six Men Known to Be Dead and Several Others Are Missing.

BRISTOL, Conn., Feb. 8.—Thousands yesterday visited the scene of Thursday night's disaster at the New England railroad bridge over the Pequabuck river, and complaints were made that the great crowds interfered with the work of searching for the dead. Six bodies have thus far been recovered, and still a number of men are missing.

It will probably be two or three days before it is known just how many went down with the ill-fated bridge, as the wrecking train, which was dispatched from Hartford early Thursday evening to hasten the completing of the new bridge, picked up employees of the road by threes and fours at nearly all the stations between Hartford and the scene of the wreck. Five Italians who lived at Hartford are unaccounted for, although several of the men who were rescued do not believe that all were killed or drowned.

The list of dead is:

Daniel J. O'Brien, section foreman, Hartford.

Martin Curry, section hand, New Britain.

Nicolo Ricci, Italian laborer, East Hartford.

James Mack, laborer, New Britain.

Patrick McCarthy, laborer, New Britain.

Charles Castellani, laborer, Hartford.

Foreman William F. Barry, who was rescued from a mass of timbers and wreckage, is internally injured and is conscious only part of the time. The other three men injured are doing well.

Reports regarding the responsibility for the accident differ, and an investigation by the railroad officials is in progress.

Verdict of Acquittal Cheered.

BOONE, Ia., Feb. 8.—Last month Stanhope Royster shot and killed Banker McFarland for seducing his daughter. A week later the daughter killed herself in Omaha. Yesterday Royster was acquitted of the murder after a week's trial. The jury was out but five minutes. When the verdict was announced men and women arose to their feet and cheered to the top of their voices.

Same Old Result.

FRANKFORT, Ky., Feb. 8.—Senator Goebel, president pro tem. of the senate, presided over the joint assembly in the presence of 134 members, 68 being necessary to a choice for senator. The vote resulted: Hunter, 68; Blackburn, 52; Carlisle, 2; Bate, 1; McCreary, 8. No election.

W. H. ENGLISH DEAD

Sudden Termination of His Six Weeks' Illness.

HIS LAST HOURS WERE PEACEFUL.

During His Last Hours His Two Children Were With Him, Besides the Attending Physician, Dr. Hays, and Mr. and Mrs. Hall of the Hotel—The Funeral Will Take Place Sunday.

INDIANAPOLIS, Feb. 8.—William H. English died at 12:35 o'clock yesterday afternoon, at his rooms in the English hotel. He has been sick for six weeks. It was his first serious illness in many years, and until the last few hours his friends hoped that his rugged constitution would survive the triple attack of influenza, inflammatory rheumatism and constitutional heart trouble. His condition in the last few days has varied widely, sometimes promising speedy recovery and again giving no hope.

Several days ago his only daughter, Mrs. Rose Walling, was sent for. She and her brother, Will E. English, have been in constant attendance. Thursday night the patient's condition became rapidly worse, and it was seen that he was in a state of collapse. His attending physician was called and a telegram was sent to Dr. Walling, the son-in-law, to hasten from St. Louis to Indianapolis. Early yesterday forenoon a consultation of physicians was held, and Mr. Will E. English was notified that his father's condition was well-nigh hopeless. The end came even sooner than was expected. During the forenoon the patient was unconscious, but it was possible to rouse him for an instant, and once or twice he spoke. His talk, however, was incoherent.

Mr. English died in the room in the southeast corner of the hotel which he has occupied so long. During his last hours his two children were with him, besides the attending physician, Dr. Hays, and Mr. and Mrs. Hall of the hotel.

At 8 o'clock Mr. English rallied for a few minutes, and calling his son to his bedside, spoke his name. He also recognized Mr. Hall, who stood near. He was unable to carry on a conversation, and soon passed into unconsciousness, from which he did not recover. The end came gradually and peacefully. The watchers said he died as one going to sleep.

All forenoon friends of the family were constantly calling at the hotel to make inquiry about Mr. English's condition. There were several of the most intimate friends waiting below at 12:35 o'clock, when Dr. Hays came down stairs and announced that death had come.

Several times Thursday night Mr. English rallied sufficiently to talk to his children. He realized that he would die and told them so. Later in the evening he talked over his business affairs with his son, and left some instructions in reference to the management of his fortune.

He died in his workshop. Ever since he erected the hotel he has had his office in the corner of the hotel in which he died, and the bedroom was just off the large room in which he managed his estate and in which he worked on his history. Within five steps of where he died were great stacks of papers relating to his private business and other stacks pertaining to the historical research he made during the last few years.

The news of his death soon passed over the city, and within an hour many citizens arrived at the hotel to offer their services to the bereaved children. Dr. Walling, accompanied by his two sons (Mr. English's grandchildren), English Walling, aged 18, and Willoughby Walling, aged 16, arrived from Chicago at 3 o'clock. Thursday night, when it became apparent that Mr. English could not recover, they were telegraphed to come immediately.

It was announced after the children had consulted with friends of the family that the funeral would take place Sunday afternoon, at 2 o'clock. It was left with Mr. Walling to arrange the details. The burial will be at Crown Hill cemetery, where Mrs. English is buried, and where Mr. English, some time ago, erected a beautiful family monument.

BENJAMIN RATCLIFF HANGED.

The Slayer of a School Board Meets Death on the Scaffold.

CAXON CITY, Colo., Feb. 8.—Benjamin Ratcliff, the slayer of the entire school board of Jefferson district, Park county, was hanged at the penitentiary last night at 8:05 o'clock.

The crime for which Benjamin Ratcliff suffered death was one of the most startling in the history of Colorado. Prompted by a desire for revenge for what he considered grievous wrongs, he deliberately shot down in the schoolhouse at Jefferson, Park county, the three members of the school board, Samuel Taylor, Lincoln F. McCurdy and George D. Wyatt.

The cause of the trouble was the circulation of reports of alleged criminal intimacy between Ratcliff and his motherless daughter, a girl of 18. These stories Ratcliff attributed to McCurdy. He had also a fancied grievance against the other members of the board over the location of the schoolhouse.

None of the victims were armed, and as Ratcliff, rifle in hand, stood between them and the door, there was no escape.

INDICATIONS—Generally fair weather.

That crowd of Louisville Democrats who are opposing the nominee of the party for U. S. Senator lose sight of the fact that a time of reckoning will come, and that at no distant day. They can do much towards restoring harmony in the ranks of the party, but instead of that they are only intensifying the bitterness already existing.

The Frankfort correspondent of the Louisville Commercial says that the "sound money" fight of the Louisville Democratic faction is not so much against free silver as it is a fight against Blackburn. The very crowd who are opposing Blackburn would jump at a chance to vote for Brown, who is as rank a free silverite as can be found.

The Legislative Committee investigating the contest of Werner (Republican) against Tompkins (Democrat) is composed of four Republicans and three Democrats. At a meeting the other night Mr. Carson, a Republican, moved that without further consideration a report be made unfavorable to Mr. Tompkins on the ground of fraud.

Mr. Swinford and Mr. Walker, (Democrats), demanded that the motion be made in writing, and here is how and what Mr. Carson, one of the judges of the qualifications of a fellow-member, wrote: "Mr. Chairman I move that this Committee Recommend that Werner is a traitor to the Seet one account of Grose Frand, S. M. CARSON."

Mr. Blackburn, another Republican member, moved to amend, and the Republican Chairman, Mr. Garrett, wrote the following for him:

Mr. Blackburn amended Motion of Mr. Carson by adding illegal votes.
E. B. BLACKBURN.

The Democratic members protested, but it did no good.

Some one has remarked that a great deal of "drift wood" floated into the Legislature on the Republican swell last fall, and the language of Mr. Carson and Mr. Garrett bears out that statement. And yet Messrs. Carson, Blackburn and Garrett, as the Courier-Journal remarks, are to instruct the House how to decide these cases "according to the law and the evidence!"

PERSONAL.

Judge Stitt, of Carlisle, was in Maysville Friday.

Mrs. Roe Carr is at Ashland visiting her daughter, Mrs. Ed. Horrocks.

Miss Lucy Thomas, of Ripley, is visiting friends and relatives in this city.

Covington Post: "Miss Mary Hall, of Maysville, Ky., is visiting Mrs. Wallingford."

Mrs. Ann Mulcahy, of Maunee, Tenn., is visiting her sister, Mrs. Norah Shannon, of Limestone street.

Mr. and Mrs. Frank Smith are here from Covington, visiting her parents, Mr. and Mrs. Jno. P. Campbell.

Mr. James H. Cummings and bride arrived last night and are at home with Mr. and Mrs. E. H. Nesbitt.

Mrs. John L. Amsden, of Versailles, and Miss Jennie Drake, of Chicago, are guests of Mrs. John N. Thomas.

Mr. George H. Pogue, of Jamesport, Davies County, Mo., left for his home yesterday afternoon after spending a week with relatives at Maysville. He was the guest of Mr. and Mrs. S. A. Shanklin yesterday.

When the Democratic Party Will Die.
[Richmond, Ky., Register.]

Since the Republicans swept the State many have predicted the death of the Democratic party. The other night we visited a lonely temple, supposed to be the haunts of an oracle like that at Delphi, and in reply to when the Democratic party would shuffle off this mortal coil, the uttered the following, which ought to convince the most dependent that the rooster will never cease to crow:

When the lion eats grass like an ox,
And the fish swim swallows the whale;
When the terrapin kuits wooden socks,
And the hare is outrun by the snail;
When serpents walk upright like men,
And dodoes buzz travel like frogs;
When grasshoppers feed upon hogs,
And feathers are found upon hogs;
When Thomas cuts swill in the air,
And elephants roost upon trees;
When insects in summer are rare,
An I snuff never makes people sneeze;
When fish creep over dry land,
And mules on bicycles ride;
When loxes lay eggs in the sand,
And woman in dress takes no pride;
When buttermilk no longer drink beer,
And girls get to proaching on time;
When billy goats butt from the rear,
And treason's no longer a crime;
When humming birds pray like an ass,
And limburger smells like cologne;
When glow shares are made out of glass,
And hearts of Kentuckians are stone;
When ideas grow in poplars' heads,
And wool on the hydraulic ram;
Then the Democratic party will be dead!
And the country not worth a dime.

Building and Loan Bill Under Discussion at Frankfort.

FRANKFORT, Ky., February 6.—The Committee on Corporations had under consideration to-day Mr. Ellison's bill concerning building and loan associations. Its passage would materially abridge the privileges of the national associations, to the advantage of the local associations. The most important amendment offered to the present act is as follows:

But no association, foreign or domestic, shall be authorized or permitted to establish, or transact business, either directly or indirectly, through local advisory boards or agencies, or receive, transmit or disburse money through such boards or agencies, or make any loans upon the recommendations or appraisements of such boards or agencies. Local boards or agencies, within the meaning of the statute, are all boards or agencies other than the home board of such association.

The seventeen national associations all had representatives here. J. H. Westover, of Williamstown, represented the local association's side of the question. It is, of course, in favor of the bill.

Cigarette Smoking.

[Georgetown (O.) News-Democrat.]

Last week while in Cincinnati we met a couple of gentlemen and in conversation the question of cigarette smoking came up. One of them stated that he was present at a gathering of five physicians—four from St. Louis, and one from Cincinnati who persisted in smoking cigarettes. The St. Louis physicians stood it for a while and finally jumped onto their Cincinnati brother. Among other things they told him that they had analyzed fifty different makes of American cigarettes and that while they found the tobacco used pure, and up to the standard, each variety was wrapped in paper highly impregnated with arsenic. It is the arsenic in the wrapper that kills. It stimulates a dangerous appetite in the human animal which finally overcomes and destroys him. They are well named "coffin nails."

Mrs. Ed. HOENACK died Thursday night back of Aberdeen, of pneumonia. Burial this morning in Charter Oak Cemetery.

CARDS have been received announcing the approaching marriage of Miss Bettie Owen Hoffman, to Mr. John Redford Winstanley, of Louisville. The nuptials will be solemnized Feb. 18th, at the First Christian Church, that city. The bride-elect is a granddaughter of the late Daniel Spalding.

THE gossip at Frankfort tell that two society women called on the wife of a State official the other day. They were invited into the parlor, a moment later a figure clad in a calico wrapper dashed into the room, struck a match on her shoe and lighted the gas. Then the calico spectre, shuffling the two visitors' cards, turned and said: "Oh, these are you cards. Which is which, now?" The lady in the calico wrapper was the hostess.

FIRST BAPTIST CHURCH.—Sunday school and Young People's meeting at the usual hours. Preaching Sunday morning at 10:30 o'clock. At night at 7 o'clock it is expected that Mr. Robert H. Tolle will be ordained to the full work of the gospel ministry. Six ministers are expected to take part in the exercises, Dr. A. C. Davidson, President of Georgetown College, will preach the sermon. All are cordially invited to be present.
I. P. TROTTER.

The Poplar Plains correspondent of the Flemingsburg Times-Democrat says: "The 10th birthday anniversary of J. Frazee Hart was celebrated at his home Tuesday evening by over fifty of his young friends who passed away the happy hours in gay and gladsome games. Supper was soon announced and a delicious feast of choice eatables transcendently 'out of sight,' and the young folks enjoyed themselves hugely. With grateful thanks to Frazee, his brother Arnold, and to the entertaining abilities of his father and mother, Hon. and Mrs. R. K. Hart, the remembrance of the occasion will always be a happy one."

The Danville Advocate has been inspecting a day book which was used by a merchant of that town thirty years ago. Some of the items will be of interest to people who yearn for the good old times. The Advocate says: "Coal oil was \$1.20 a gallon. Now it is 15 cents. Salt was only \$5.90 per barrel. In these degenerate days you can get it for \$1.50. In these hard times you can buy 'C' engar for a nickel a pound. Then it was 25 cents. Lard, now selling at 10 cents, was selling at 25. Flour was only \$6.50 per hundred, but, of course, it was a great deal better article than you can now purchase at \$2.50. Thirty years ago syrup cost \$1.75 a gallon, and it was not as good as you can buy now at one-third the money. And then think of potatoes at \$2.25 a bushel and tea at \$2.50 a pound. Tomatoes, now a drug on the market at a dollar a dozen cans, were then selling at 25 cents a can. Clover seed sold at \$3 a bushel and timothy at \$4.75."

For the Blood

I think Hood's Sarsaparilla is the best medicine before the public. After a severe cold and illness I was in a very weak and low condition, suffering greatly with catarrh in the head. I lost flesh, did not have any appetite and was without ambition or inclination to do anything. I had headache and a roaring and buzzing noise in my ears. I was at last obliged to give up work.

Hood's Sarsaparilla helped me amazingly. I took 3 bottles and feel so much better I shall always praise Hood's Sarsaparilla in the highest terms. I have not lost a day since the first bottle of Hood's. GASTON MURRAY, Altamahaw, N. C. \$1; six for \$5.

THE INSURANCE "COMBINE."

Citizens of Kentucky Asked to Meet at Frankfort to Secure Passage of Equitable Laws.

Posters reading as follows have been received at this office:

FIRE INSURANCE REDRESS.
Call to citizens in every part of Kentucky to come as delegates to the monster convention booked for February 13, 1896, Frankfort, Ky. To assemble at 3 p. m. in the State House, courteously accorded the citizens of Kentucky by unanimous consent of the House, to enter into permanent organization of the Kentucky Fire Insurance Relief Association, and to urge passage of equitable laws for all with favors to no "insurance combine" or "trust" in exorbitant greed or gain. Reduced railroad fares and hotel rates. Ask the Mayor of your town for more information. He has it, and will give it to every individual who "wants to know." Come. W. A. PATTON, President, Catlettsburg, Ky.

Master Wilson Davis was quite ill last week. His physician, Dr. Hord, pronounced his case scarlet fever.

Ell Frame sold last week to R. B. Riggall, of Fair View Farm, a tract of 38 acres adjoining Mr. Riggall's farm for \$500.

Robert Morton, colored, was called to Cincinnati Wednesday by a telegram announcing that his son Henry was dying at that place. He hasn't returned at this writing.

Mrs. R. E. Hall, aged seventy-eight, died January 27th, at the home of her daughter, Mrs. Mattie Davis. Religious services were conducted at the church by Rev. N. G. Grizzle, after which her remains were buried in the church yard adjoining.

Controls and Strengthens.

"Myself and family have been afflicted with scrofula and never found anything that gave relief until Hood's Sarsaparilla was recommended. I commenced the use of it and found such relief that I feel perfectly easy, knowing that I have something that controls and strengthens me."—Mrs. Josie Allen, Fulton, Ky.

The Granite State Provident Association Suspends.

The Granite State Provident Association, of Concord, N. H., suspended business January 21st.

The association had an agency here a few years ago, organized a local board of directors and officers and sold considerable stock.

If this stock is still held here, the holders will have good cause no doubt to regret that they didn't invest in a home association.

PREACHING at Central Presbyterian tomorrow morning and evening. Sunday school at 9:15 a. m. Christian Endeavor at 6 p. m. All invited and made welcome.

Don't Wait

To do your white sewing until the spring comes with its many duties and balmy days to woo you from your work. Unbox the machine, thread the needle and we will furnish the material your foresighted industry demands. Have you seen our window? Does not its prettiness suggest a spring need?

Embroideries.—This season's goods, and as low priced as they are lovely. It is wonderful how much Embroidery quality and beauty we can give you for a few cents a yard. Five cents heads the list with the daintiest kind of an edge, and then upward until the \$1 quality shows its beauty.

Our housecleaning discovered some Embroidered Flouncies. They used to be \$2, \$3 and \$4 a yard; now your choice for 50c. You can use them for sash, window or door curtains, aprons, dresser covers and the myriad things into which a woman can convert prettiness that knocks so lightly at her purse.

Laces.—Every person who is making children's dresses, underwear and the like should see this display. You can fill a modest want for 2½, 5, 6, 7, 8½ or 10c., then go up the scale until the filmy loveliness of 50c. is reached.

White Goods.—Plain, striped, barred and dotted, Organdy, Dimity, Swiss, Persian Lawn, Nainsook, Paris Muslin, India Linen, Jaconet Mull, Cambric, Linen and Muslin await you, and the price is 5 with all the intermediates up to 75c.

Remnants in Embroideries and Laces in one and a half to five yard lengths, different widths, all good patterns. Price, one-third off regular.

GETTING DESPERATE

The Republicans Are, and Want the State Troops to Help 'Em Out.

The Courier-Journal says: "Dr. Hunter has appealed to Governor Bradley to station a company of troops under command of Adjutant General Collier in the State house next Monday, to assist the Republicans in carrying out their scheme for unseating Democrats and electing a Senator. They will wait until Monday on account of Lieutenant Governor Worthington's absence."

"There is now evidence to prove that Wood Dunlap is not eligible for the seat he is contesting, but this will only make force more necessary to the success of the Republican plans."

Governor Bradley denies that he has consented to call out the State Guard, but does not deny that he has been asked by some Republicans to take such action. What do the people of Kentucky think of the party they have placed in power at Frankfort?

The joint ballot for Senator yesterday resulted: Hunter 66, Blackburn 62, Carlisle 2, McCreary 3, Bate 1.

In the House several new bills were introduced. The usual number of measures relating to fish and game laws, revenue and taxation, &c., were sent up.

The House passed Swinford's bill exempting persons going to and from church and school children from paying toll.

THE TAX SUPERVISORS.

They Made a Great Many Raises, But the Total Amount Not Footed Up.

The County Board of Tax Supervisors finished their work yesterday, after being in session fifteen days.

The Board increased the assessment of a great many tax-payers and was busy all this week listening to complaints.

The largest increase in the assessment of any one tax-payer was \$18,000. The raises range from that down to \$100.

The result of the work of the Board has not been tabulated and footed up and the net increase is not known.

Before adjourning, the Board directed the County Clerk to make a list of all transfers of real estate between September 15, 1894, and September 15, 1895, and assess this property at 70 per cent. of the consideration as shown.

Judge Stitt Resigns.

Police Judge Stitt, of Carlisle, has tendered his resignation and recommended Winfield Buckler, Esq., as his successor. In his communication to the Council, he stated that he was ready to meet the Finance Committee and make a full settlement of the affairs of his office. Following in his resignation in full:

To the Board of Common Council of the City of Carlisle: I hereby offer my resignation of the office of Police Judge of Carlisle, which office I have filled to the best of my ability. I offer this resignation without the least regret and trust my successor will not meet with the oppositions and connivances to entangle and ensnare from certain other city officials that I have encountered during the entire term of my office.

I recommend the appointment of Winfield Buckler, Esq., as my successor, a lawyer of talent and one in every way fitted to fill the duties of said office.

I shall be pleased to see the Finance Committee sometime during next week to make a full settlement of the affairs of the office during my administration.

This resignation to take effect from date, February 5th, 1896.

Against the Druggists.

The Court of Appeals Thursday morning reversed the Fowler drug case of Louisville. Fowler was joined by the druggists of the State to test the revenue law requiring a tax of \$50 for the sale of liquor for medical purposes.

The court decides against the druggists, and holds the law does not exempt them, except where sold on prescription of physicians, and that the tax was the proper exercise of police power, and not a statute for revenue or prohibitory purposes.

The Modern Way

Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs. Manufactured by California Fig Syrup Company.

The Maysville Cotton Mills shut down yesterday afternoon for a few days to make some needed repairs.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

CIRCUIT COURT.

Beck Gamby Sent Up Four Years For Horse Stealing—Other Cases—Indictments.

Buck Gamby, the young colored man who recently stole a horse from Mr. Charles Poe near Germantown, was tried yesterday in the Circuit Court and given four years in the penitentiary. The horse in question was valued at from \$100 to \$125. Gamby sold the animal for \$6 and the saddle and bridle for \$2. He pleaded guilty, and said he was only "funning" when he stole the horse. The jury thought differently.

Jim Bell, colored, was adjudged guilty of grand larceny and given eighteen months in the "pen." He stole \$20 a month or so ago from Mr. Martin Guilfoyle.

Charles Price, colored, who created so much excitement on West Second a month or so ago by chasing a negro boy out of town and shooting at the lad and other people, was tried on charge of maliciously shooting at another without wounding. He was crazy drunk at the time of the offense, and the jury acquitted him.

The grand jury reported indictments Friday against Zeke Smith and Russell Wilburn for petit larceny, George Graham for striking and wounding, William Wyatt for breaking into a storehouse, and Hiram T. Warder for shooting and wounding.

Court has adjourned until Tuesday.

THAT "GROUND HOG."

The Jokers Have Been Having Lots of Fun Lately at the Expense of Their Friends.

Mr. Fred Zweigart, the meat merchant at corner of Second and Sutton, has had quite a number of callers during the past week, all of whom wanted to see his "ground hog."

Fred, with a sly twinkle in his eye, and a smile on his countenance, would take his caller to one side, quietly raise a cloth and then, well, some of the remarks that fell from the lips of the visitors wouldn't look well in print.

The "ground" hog was there sure enough, but instead of one of the pesky little "varmints" that are supposed to forecast the weather for six weeks at this season of the year, the "ground" hog the visitors saw can be seen any day in any meat store in town.

A certain bank official and an ex-County Attorney are among the victims of the jokers who have been working this "ground" hog racket.

GOOD FOR EVERYBODY

and everyone needs it at all times of the year. Malaria is always about, and to only preventive and relief is to keep the liver active. You must help the liver, and the best helper is the Old Friend, SIMMONS' LIVER REGULATOR, the RED Z.

Mr. C. Himrod, of Lancaster, Ohio, says: "SIMMONS' LIVER REGULATOR broke a case of Malarial Fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need, and recommend it."

Be sure that you get it. Always look for the RED Z on the package. And don't forget the word REGULATOR. It is SIMMONS' LIVER REGULATOR, and there is only one, and every one who takes it is sure to be benefited. THE BENEFIT IS ALL IN THE REMEDY. Take it also for Biliousness and Sick Headache; both are caused by a sluggish liver.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's. What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. C. C. Osgood,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kinchloe,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

LATEST FROM CUBA.

Dr. Jose Maceo and His Son Political Prisoners in Havana.

HAVANA, Feb. 8.—General Pando has arrived here with his aides and with 11 political prisoners, among them Dr. Jose Maceo and his son. All have been imprisoned in Morro Castle.

It is reported that the insurgents to the number of 6,000 made a demand for surrender several times upon the garrison of Candelaria, but without result. When, finally, General Canellas arrived to relieve the garrison and the troops entered the town, after routing the insurgents, they were greeted with enthusiastic acclamations. General Canellas himself was lifted upon the arms of the people and carried through the streets.

Maceo is supposed to be at La Laguna Piedra, on the south coast between Pinar and San Cristobal, looking for a suitable place to establish a hospital for his wounded. He is anxious, it is reported, to get back into Santa Clara province, but the authorities profess to believe it doubtful whether he will succeed in doing so, as they have their troops disposed at strong strategic points.

Maximo Gomez is operating against these positions and is endeavoring to force the military line in order to keep open communication with Maceo, but it is claimed by the Spaniards that this will be very difficult to do as he has no artillery, or at least none in use.

The insurgents are now using explosive rifle ball.

General Leque has arrived at Batabano, and is awaiting a gunboat which will transport him to Cienfuegos and thence to Villa Clara, where he will rejoin his family. The bullet which he received in the battle of Paso Real is still imbedded in his left leg.

A detachment of government guerrillas has been engaged with a band of 50 insurgents, who left five killed and five rifles, after having burned the great cane fields in the vicinity of Esperanza, province of Santa Clara.

At Alcon, province of Santa Clara, the column of troops commanded by Colonel Molina has had a skirmish with a band of insurgents, with a result that two of the latter were killed and two captured. Fifteen rifles fell into the hands of the troops.

At Trinidad, province of Santa Clara, the insurgents have burned a number of cane fields, in addition to destroying by fire the plantation of Solitario. Some of the cane fields of Constanza have also been burned; but the planters continue grinding cane.

According to a dispatch from Matanzas a force of 1,500 insurgents is encamped at the Gonzalez plantation, on the Matanzas district, resting after a long march from the east and evidently intending to push on westward shortly.

At the plantations of Union and Asturias, in the province of Matanzas, an additional force of 1,000 insurgents is encamped resting while on the way toward the province of Havana.

A third force moving westward under Quintin Bandera, trying to effect a junction with Gomez's forces, was engaged by the Spanish troops under General Godoy and compelled to move northward towards the coast between Armonia and Sagua la Chica.

Bandera's insurgents are carrying numbers of sick and wounded, the latter having their injuries badly dressed. Many unarmed men are also with the two insurgent forces just referred to.

KNOXVILLE, Feb. 8.—John Melton, a veteran of the Mexican war, 72 years of age, was found dead in First creek in East Knoxville yesterday. There were scars on his face and on his head, but it is thought he met his death by falling from a bridge, as he was known to have been intoxicated the night before.

Women Can Vote in Ohio.

COLUMBUS, O., Feb. 8.—The right of the women of Ohio to vote for members of school boards was sustained by a close decision of the supreme court yesterday. The case in point was that brought by Burt F. Mills vs. the city board of elections of Columbus, to test the validity of the Earnhart law passed two years ago, granting women the right of franchise. The case was decided in the circuit court in favor of the law and the supreme court affirmed the decision.

Alleged Sheep Thieves Arrested.

COLUMBUS, O., Feb. 8.—The police have caught a pair of sheep stealers who have been doing a large business in the country about here in the last two weeks. They gave their names as Charles Flore of Cincinnati and L. A. Keethler of 2183 North High street, this city. They had seven sheep in their wagon when arrested, and had sold 27 others to a butcher near by.

The President Goes Duck Hunting.

WASHINGTON, Feb. 8.—President Cleveland left the city at midnight last night on the high-speed tender Maple for Quantico for a day's ducking. He was accompanied by Mr. E. C. Benedict, who has been in the city for several days. That the trip was to be made was kept a secret and was known only to a few. The party is expected back tonight.

Pudan Factory Will Start Up.

PORTSMOUTH, O., Feb. 8.—The court has granted the order of Assignee Grier to operate the Pudan shoe factory, which has been idle by the recent failure. The shoes under process will be finished. It seems quite certain that a stock company will soon control the plant and start the factory.

His Skeleton Found.

HOT SPRINGS, S. D., Feb. 8.—Two years ago Lafayette Selder, a prominent citizen of the city, disappeared. Last evening two hunters found a skeleton in a ravine near here. The skull was crushed. The clothes had rotted from the body, but a leather pocketbook remained with papers showing the body to be Selder's.

Locomotive and Trolley Collide.

PITTSBURGH, Feb. 8.—A shifting engine on the Baltimore and Ohio ran into a Second Avenue electric car at Rankin's crossing, nine miles east of here, killing Conductor W. H. Cooper and fatally injuring Motorman John Riddle. There were eight passengers in the car, of whom three were women. All escaped injury except slight bruises. All were badly frightened, and regarded their escape from death as remarkable. The accident was caused by slippery rails.

Death of Granville Brown.

PROVIDENCE, Feb. 8.—T. Granville Brown, a lined descendant of Charles Brown, who settled here in 1638, and grandson of Nicholas Brown, founder of Brown university, died here yesterday. He was born in Florence, Italy, about 47 years ago, while his father was consul general to Rome. He studied law but never practiced, reading and writing having occupied his time and attention. A widow and sister, Mrs. Hawkins of New York, survive him.

Revolution in Nicaragua.

PANAMA, Feb. 8.—Passengers arriving at this port from Central America report an unsettled state of affairs in Nicaragua. It is reported that attempts are being made to overthrow the government of President Zelaya. Several arrests have been made among prominent leaders of Leon, who are moving to have the capital changed from Managua to Leon.

IN MEMORIAM.

On January 22nd at ten minutes past eight passed into eternal life Mr. Daniel Coughlin, the 80th year of his age, after a long and patiently endured probation of suffering. Mr. Coughlin had been entirely deprived of sight for about two years, and for the past year rendered almost helpless. All that human skill and affection could suggest to alleviate his condition he had through the great and tender devotion of his wife and family, who watched over him with selfless care during his long illness. About two weeks before his death he developed alarming symptoms of weakness, and sank gradually until the end. It was a source of unexpressed consolation to his wife and family that to the last he retained full consciousness and with serene and unclouded mind he received the holy rites of the church, and gave the last tokens of recognition and affection to his dear ones.

Mr. Coughlin came to this country in 1847 and has ever since made Maysville his home—a man who performed his life duties with an upright conscience, and was a highly and respected citizen. Besides his immediate family, consisting of his wife and eight children, he leaves one brother and two sisters to mourn his loss. In a few weeks he would have celebrated his 80th birthday. He was married fifty years. But God saw best and entered the happy home, breaking the ties, called forth the kind husband, and the bereaved wife must bow her head in silent submission to the will of God. He thought the farewell was not forever, and the separation need not be eternal. The deceased was one of the oldest and most highly honored members of St. Patrick's Benevolent Society, under whose auspices he was buried. The funeral took place from St. Patrick's Church, Rev. Father Delmer preaching an eloquent and inspiring sermon, and his solemn locks of snow, derived from the hope and the assurance that his golden deeds of charity have woven for him a raiment of un fading beauty, that his hours of suffering have been rewarded by the prayers of many hearts have preceded him to the oar of divine justice, that we ask for his departed soul the fullness of eternal peace and rest and the brightness of perpetual light.

Gone, with a smile, from the old homestead door,
Dear, faithful heart, to come back never more;
Mute things his doings and sayings retrace;
Winds sing a dirge about the old place—
So lonely seems that old home!
Once thick around it the snow locks of snow,
Sparkling bright the eyes, faded glow!
Slightly the step that grew slow and more slow
Till seaward the tides flow.

Thorny oft times was the way that he trod
Yet with the sandals of faith brightly shod,
Climbed he the steps to the portals of God,
Holding the hands of his God.

Sleep, father, sleep! with your hands on your breast,
Poor weary hands they needed their rest;
Well have we loved you, you loved us best,
Dear father! he's given you rest. M. H. C.

Sometimes the most careful women are the most careless. Many a woman bundles herself up, to keep out sickness—when she is neglecting the very worst sickness that can come to a woman. She allows a slight disorder to become worse, to slowly sap her vitality. The little pain and the other slight indications of trouble seem to her unimportant. She goes on, with increasing suffering, until life itself becomes a drag. Nervousness, "sinking spells," digestive disturbances, and fifty other complications may arise from the derangement of the organs distinctly feminine. Over fifty years ago, the need for a remedy for so-called "female complaints" was recognized by Dr. R. V. Pierce, then, as now, chief consulting physician to the World's Dispensary and Invalids' Hotel, at Buffalo, N. Y. He prepared Dr. Pierce's Favorite Prescription, the most wonderful, fully effective remedy that has ever been used for such maladies.

Toys Destroyed.

LEOMINSTER, Mass., Feb. 8.—Fire broke out about 9 o'clock last night from causes unknown in the 5-story brick warehouse of the W. S. Reed Toy company, the largest manufacturing plant of its kind in the United States. A high westerly wind was blowing, so that in 15 minutes the flames were beyond control, and assistance was asked from Fitchburg. The plant was worth \$100,000 and the loss will be \$75,000. Several hundred hands will be thrown out of employment.

Officers of the Senate Elected.

WASHINGTON, Feb. 8.—The Republican senators last night nominated A. J. Shaw of Spokane, Wash., for secretary of the senate; H. L. Grant of North Carolina for sergeant-at-arms, and Alonzo Stewart of Iowa to succeed the late Captain Bassett as assistant doorkeeper. It was decided to make no change in the office of chaplain.

Two Towboats Burned.

NEW ORLEANS, Feb. 8.—The J. P. Jackson, valued at \$55,000, insurance \$35,000, and the Arthur Lambert, valued at \$33,000, insurance \$20,000, were destroyed by fire at Gretna, opposite New Orleans, last night. The fire originated on the Jackson and is thought to have been incendiary. The flames spread so rapidly that destruction was complete in half an hour. They were two of the finest towboats of the Interstate Transportation company.

Decided Against the Banks.

NEW ALBANY, Ind., Feb. 8.—The case of the Atlas National bank of Chicago and the Harrison National bank of Cadiz, O., against the S. A. Culbertson heirs was decided against the banks yesterday. Culbertson was a stockholder in the State Savings bank of Topeka, Kan., which failed before his death. The plaintiffs, creditors of the defunct bank, brought suit to recover \$10,000, the amount of stock held by Culbertson.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

BAD TIMES?

Well, we should say so. Those Clocks and Watches are too badly out of fix to be of any use. They've lost their time entirely. You'll lose your time, too, if you're not provided with good Clocks and watches. We have a full supply of both, all accurate time-keepers and in perfect order. Better Watches than ours are not manufactured. Whatever the price of any watch we carry, it's the best of its kind and a full value, let a timepiece: get the best; get ours.
